

Electronic Patent Application Fee Transmittal				
Application Number:	10556485			
Filing Date:	28-Feb-2006			
Title of Invention:	Sample carrier based on a porous film with metal oxide particles, the production and utilization thereof, especially for selective detection of phosphorylated/sulphatized biopolymers			
First Named Inventor/Applicant Name:	Thomas Moritz			
Filer:	Carolyn Lee Greene/KAREN HAWVER			
Attorney Docket Number:	2958-136			
Filed as Small Entity				
U.S. National Stage under 35 USC 371 Filing Fees				
Description	Fee Code	Quantity	Amount	Sub-Total in USD(\$)
Basic Filing:				
Pages:				
Claims:				
Miscellaneous-Filing:				
Petition:				
Patent-Appeals-and-Interference:				
Post-Allowance-and-Post-Issuance:				
Extension-of-Time:				

Description	Fee Code	Quantity	Amount	Sub-Total in USD(\$)
Miscellaneous:
